

**BBC Nova Chapter
Circular 2018-14**

To: All BBC Novaliches Members

Greetings.

Following our formal launching of the Bishops-Businessmen's Conference (BBC) Novaliches on June 5, 2018, I wish to convey my appreciation for your attendance and precious time. To me, this is one of the special events that I will cherish -- the coming into fruition and realization of our BBC Novaliches.

In spite of our busy schedule, we had successfully gathered the different guilds and professions within the Diocese, and even from other Archdioceses/Dioceses who traveled to be with us. Hence, let us start to lay down the ground work for this initiative, its programs and projects short- and long-term. Let this not happen only once. To provide mutual support, let us gather different professions like into guilds of old. We can have a Committee on Health that will bring under one umbrella all hospitals and health-care related entities within the Diocese. The same will apply for Education, Property and Development, Engineering and Architecture, and the list goes on.

As previously announced, the membership fee to join the BBC Novaliches shall be on **a voluntary basis only**. We will not set an amount, but, would rather rely on your generosity. I believe that the Lord's providence will usher us into more heights once we are open for sharing and caring.

Attached is a copy of the attendance during our launching for your reference. With this, I do hope there will be opportunity for networking in order to further strengthen our goals and objectives for BBC Novaliches.

Again, thank you and I wish you the best of everything. Until we meet again for our next event. May God bless you always.

Given in the Chancery in Fairview, Quezon City, 10 July 2018.

Most Rev. Antonio R. Tobias, DD
Bishop
